

THE HALL'S HERITAGE

Hib Hall established Hall's Boat Corporation in 1928, on the site of the old Harris yard that dated back to 1908. Located at the southern end of beautiful Lake George in the Adirondack Mountains, Hall's is now under new ownership. We've expanded our services, and more fully developed our crew, but we maintain the same commitment to customer service established by Hib back in the 1920s.

Today, Hall's operates a Boatworks team performing fine wooden boatbuilding, restoration, and repair; a Boat Sales team specializing in wooden runabouts; and a Boating Club which provides concierge marine service to members as well as Adirondack style rental lake homes.

Open Shop**

Wooden Boat Shop
at Hall's Boat Corp.

Saturday Open Shop

IN THE BOATSHOP

AT HALL'S BOAT CORPORATION, LAKE GEORGE

Come on down to Hall's and see what's going on in the boatshop.

One Saturday morning every month Hall's Boatworks will open its doors to the public for our Saturday Open Shop session.

Enjoy coffee and muffins and talk shop with Boatworks Manager Reuben Smith.

Reuben will talk about the work being done on the wooden boats

currently on the shop floor, and people are welcome to come with questions or ideas about work they're doing on their own.

Each event will include a special skills section, where Reuben will discuss a particular aspect of the wooden boatbuilding trade, including tools, wood, methods, and more.

Any given day, about half a dozen boats are on the shop floor at Hall's. There are boats getting full restorations, being built from scratch, or just in for minor repairs and refinishing. Reuben will talk about the thought process that goes into the repairs, and a little about the methods being used.

Coffee and muffins will be served, and although the events are free, **registration is required.**
